

# HARNESSING INNOVATION FOR CLIMATE AND FRESHWATER RESILIENCE

A Registered Charity in the US & Canada, AquaAction Runs Three Tech-Focused Programs to Launch CleanTech Startups, Develop Talent, and Build the Blue Economy

**ENGAGING  
BRIGHT MINDS**

**NURTURING  
CHANGEMAKERS**

**ENABLING  
COMMERCIAL ADOPTION**

AquaAction transforms tech innovation into impact.

We are building a community of corporate partners to form valuable connections with our portfolio of next generation innovators & entrepreneurs.

## WHY BUILD A PARTNERSHIP?

- **Strategic Edge.** Access high-potential startups, market-ready innovation, market intelligence, and job-ready talent.
- **Employee Engagement.** Access mentorship, workshop, judging and events.
- **Brand Visibility.** Highlight your leadership in CleanTech, ClimateTech, WaterTech, and Innovation during exclusive events and external content.
- **Measurable Impact.** Strengthen your corporate sustainability strategy and ESG scores by contributing to our goal to grow the blue economy and implement market solutions.

## ABOUT US

Our mission is to restore freshwater health in North America. We are a catalyzer for tech solutions having a tangible social, economic, and environmental impact. **Our coast-to-coast programming has:**

created  
**200+**  
new jobs in  
the blue economy

generated  
**100M+**  
in annual revenue

helped secure  
**35M+**  
in investments

launched  
**55+**  
active startups.
